Endrings

We supply R640, R725, R819 and R914 endrings of the "Stork" type. Other types of endring can be supplied on request

Americascreens[®] Increase Your profitability

Our philosophy

It is our philosophy to supply our customers with high quality rotary screens and endrings at competitive price levels. We thus add to the profitability of our customers.

Our Team

Our Team consists of international experts active in the global textile printing markets for over 30 years already. Thus we truly understand and know the needs of textile printing companies nowadays.

Our products

Our screens and endrings are produced in state of the art production facilities, having an annual production output of 150.000 rotary screens making use of the best available raw materials and, last but not least, well trained and qualified staff.

We put high emphasis on the production specification, under the strict quality control (QC) Management system thus guaranteeing high precision of the screens and endrings.

Your applications

Whether printing blotches, fine lines, geometrical designs, or half tones, whatever dyestuff you print with, and whatever substrate you print on, the printing results will certainly match your, especially your customers expectations.

Our product range

- Rotary screens (Orbis & Premium) with mesh counts up to 155 mesh
- Endrings in the common repeat sizes

Your advantages

-Substantial savings on screen and endring costs, while keeping upright the highest quality levels, adding to your organization's profitability and competitiveness.

-High quality of screen in respect to open area, thickness, circumference. Maximum attention is paid to avoid any difference between the sides and the middle of the screens.

-Hassle free and simple ordering system.

- We offer a direct dialogue between our staff and our customers; we really care about the development of your business!!

- Our textile printing experts advise on the right screen type to be used for your application relating to dyestuff design and substrate. Also in-depth technological support can be offered.

-We are your partners in business. If you are looking for any specific product or service related to textile industry, please feel free to contact us. We will support you with all our strength.

We live up our promises. We care!
AMERICASCREENS[®] the sure alternative.
